5020804 APEX NORDIC SUIT

LEAVE IT ALL ON THE SNOW, WITHOUT LOSING A HUNDREOTH OF A SECOND.

Our most extreme race suit, developed and tested together with the Italian national team in the wind tunnel and on the snow. A cycling-derived front opening and optimized materials and construction make this a must-have garment for the athlete who wants to compete at a high level.

- Schoeller® fabric on chest, sleeves, sides, and legs for necessary muscle support and mesh panel on back for excellent thermoregulation and breathability
- Elastic inside at front bottom of top and at waist for better fit
- Comfortable against the skin, thanks to flat-lock stitching
- Front YKK® Camlock® zip for quick opening

5020811 APEX NORDIC JACKET

THE THERMAL JACKET FOR THE MOST DEMANDING ATHLETES.

The jacket designed with our World Cup athletes. It's use? On the race course, to keep warm until the start, while preparing gear, or when warming up. Or for medium-length and long training sessions when the intensity isn't always extremely high.

- Technical jacket in Gore-Tex Infinium™: unmatched water resistance, 100% windproof
- Breathable perforated and lined ThermoDrytex Plus on back
- Front YKK® Camlock® zip for quick opening
- Reflective logos for maximum visibility

5020815 APEX NORDIC VEST

THE LAST GARMENT YOU TAKE OFF BEFORE A RACE ... OR YOU DECIDE TO WEAR IT IN THE RACE.

OVERVIEW
A vest in Gore-Tex Infinium™ suitable for the most diverse racing situations. Wear it over a racing suit when competing in the coldest and windiest conditions, or as a second layer for warming up for top-level athletes. You'll find yourself putting it in your bag every time: once on the race course, you'll see how useful it can be on that specific occasion.

FEATURES					
<ul style="list-style-type: none">• Technical vest in Gore-Tex Infinium™: unmatched water resistance, 100% windproof• Breathable perforated and lined ThermoDrytex Plus on back• Front YKK® Camlock® zip for quick opening• Reflective logos for maximum visibility

RYTHMO NORDIC SKIRT

AN EXTRA LAYER OF WARMTH FOR VARIOUS SITUATIONS.

OVERVIEW

Wear it over a tight when you're racing in colder conditions, or when you're training at lower intensity. Thanks to its windproof construction, it offers the freedom of movement you're used to with a tight while ensuring the necessary insulation and warmth. Particularly useful for warming up, thanks to the full-length zip that allows you to put it on and take it off quickly.

FEATURES

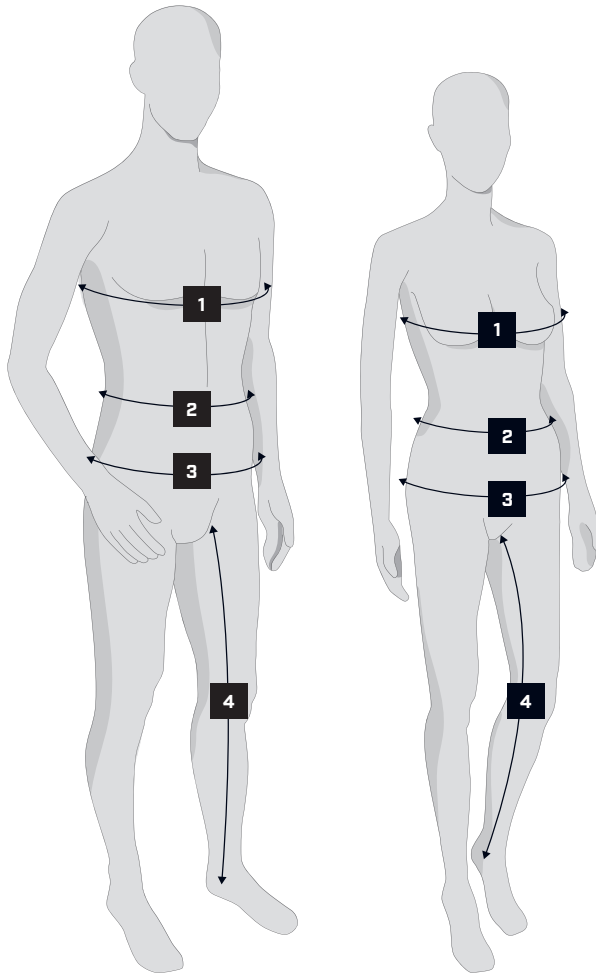

- Thermal skirt to wear over a tight
