APEX RACE JERSEY

AERODYNAMIC LIKE A RACE SUIT, COMFORTABLE LIKE A JERSEY.

OVERVIEW

Designed for the PyeongChang Olympics in collaboration with the Italian national team, this jersey is the upper part of Sportful's most extreme race suit. Combining breathability and thermoregulation with muscle support and comfort, it's the perfect choice for the competitive athlete who prefers a two-piece suit.

FEATURES

- Schoeller® fabric on chest, sleeves, and sides for necessary muscle support
- Mesh panel on back for excellent thermoregulation and breathability
- Comfortable against the skin, thanks to flat-lock stitching
- Front YKK® zip for quick opening

APEX SUIT

LEAVE IT ALL ON THE SNOW, WITHOUT LOSING A HUNDREDTH OF A SECOND.

Our most extreme race suit, developed and tested together with the Italian national team in the wind tunnel and on the snow. A cycling-derived front opening and optimized materials and construction make this a must-have garment for the athlete who wants to compete at a high level.

• Schoeller® fabric on chest, sleeves, sides, and legs for necessary muscle support and mesh panel on back for excellent thermoregulation and breathability

• Elastic inside at front bottom of top and at waist for better fit

• Comfortable against the skin, thanks to flat-lock stitching

• Front YKK® Camlock® zip for quick opening

APEX JACKET

THE THERMAL JACKET FOR THE MOST DEMANDING ATHLETES.

The jacket designed with our World Cup athletes. It's use? On the race course, to keep warm until the start, while preparing gear, or when warming up. Or for medium-length and long training sessions when the intensity isn't always extremely high.

• Technical jacket in Gore-Tex Infinium™: unmatched water resistance, 100% windproof

• Breathable perforated and lined ThermoDrytex Plus on back

• Front YKK® Camlock® zip for quick opening

• Reflective logos for maximum visibility

APEX PANT

PRACTICAL, WARM, AND TECHNICALLY ADVANCED.

OVERVIEW

The pant designed with our World Cup athletes. It's use? On the race course, to keep warm until the start, while preparing gear, or when warming up. Or in training when it's extremely cold. The comfort and wind protection of Gore-Tex Infinium™, combined with full freedom of movement ensured by a variable fit that is compatible with different types of boots, thanks to the side zips on the lower legs.

FEATURES

- Technical pant in Gore-Tex Infinium™ for extreme conditions
- Lined opening at knee for warmth and freedom of movement
- 70 cm YKK® Camlock® zip at ankle
- Reflective logos for maximum visibility

5020504      APEX VEST

THE LAST GARMENT YOU TAKE OFF BEFORE A RACE ... OR YOU DECIDE TO WEAR IT IN THE RACE.

OVERVIEW

A vest in Gore-Tex Infinium™ suitable for the most diverse racing situations. Wear it over a racing suit when competing in the coldest and windiest conditions, or as a second layer for warming up for top-level athletes. You'll find yourself putting it in your bag every time: once on the race course, you'll see how useful it can be on that specific occasion.

FEATURES

- Technical vest in Gore-Tex Infinium™: unmatched water resistance, 100% windproof
- Breathable perforated and lined ThermoDrytex Plus on back
- Front YKK® Camlock® zip for quick opening
- Reflective logos for maximum visibility

5019516      **CARDIO TECH WIND JACKET**

WHO SAYS YOU SHOULD TRAIN ONLY INDOORS IN THE WINTER?

**OVERVIEW**  
A jacket for aerobic exercise, on or off the snow, when the days are cold but indoor training simply isn't an option. The two front layers and the construction with a thermal lining provide the necessary warmth and wind protection, while the stretch construction of the back and sides makes it perfect for physical activity, including at dawn or dusk, thanks to the reflective detailing.

- FEATURES**
- Double-layered thermal jacket with hood
  - Back and side panels in stretch fabric
  - YKK® front zip with cord zipper pull

5019517      **CARDIO TECH WIND VEST**

LIGHT PROTECTION FOR HIGH-INTENSITY TRAINING.

**OVERVIEW**  
A vest for aerobic exercise, on or off the snow, when the days are too chilly for just a long-sleeve jersey but too warm for a full jacket. The two front layers and the construction with a thermal lining provide the necessary warmth and wind protection, while the stretch construction makes it perfect for physical activity, including at dawn or dusk, thanks to the reflective detailing.

- FEATURES**
- Double-layered thermal vest
  - Back and side panels in stretch fabric

CARDIO TECH JERSEY LS

ESSENTIAL, LIKE TRAINING FOR A HIGH-LEVEL ATHLETE.

**OVERVIEW**  
Essential, like basic aerobic exercise. Made of woven fabric that combines thermal protection and breathability, promoting airflow inside the garment. It's the perfect garment for aerobic activity in the spring and fall, or in winter, depending on the intensity. The front zip and thumbholes on the sleeve cuffs complete a comfortable and practical garment.

- FEATURES**
- Thermal and comfortable brushed and textured fabric
  - Thumb opening for protection from cold
  - YKK® front zip with cord zipper pull
