CARDIO TECH WIND VEST

LIGHT PROTECTION FOR HIGH-INTENSITY TRAINING.

OVERVIEW
A vest for aerobic exercise, on or off the snow, when the days are too chilly for just a long-sleeve jersey but too warm for a full jacket. The two front layers and the construction with a thermal lining provide the necessary warmth and wind protection, while the stretch construction makes it perfect for physical activity, including at dawn or dusk, thanks to the reflective detailing.

- FEATURES**
- Double-layered thermal vest
 - Back and side panels in stretch fabric
 - YKK® front zip with cord zipper pull
